**The Design Competition rules are:**

Cars entering the Design Competition must be newly built (after September 1st, 2007). The car must meet all of the requirements stated in the Rules of the Road for the Speed Competition with the exceptions of the length, height and weight requirements.

Registration for the Design Competition will take place any time between 9:00 a.m. and 1:00 p.m. Saturday March 1, 2008. Entrants must register their cars at the Design Tables ***and*** declare which design category they would like to be considered for. They will then receive a registration number and sticker for their car. Judging of the cars will begin at approximately 1:15 p.m. with awards being presented at approximately 3:00 p.m. If a participant is entered in the speed portion of the derby, and is eliminated prior to 1:00 p.m., the Scout may retrieve his car and enter it into the design competition.
